

BluVault Provides Secure and Cost-Effective Cloud Endpoint Backup and Recovery Using Power of Microsoft OneDrive Business and Microsoft Azure

OFFICE 365 APP BUILDER PROFILE: Parablu, Inc.

At Parablu, our mission is to make businesses feel just as secure about their data in the cloud as they do with their data on-premises. By ensuring privacy, confidentiality, and security of digital assets, we enable enterprises to adopt the cloud with greater confidence.

WHAT WE OFFER

Endpoint Backup and Restore

Parablu's BluVault is a secure endpoint backup and recovery solution. It enables enterprise users to securely back up all folders and files to Microsoft OneDrive for Business without compromising security, privacy, or confidentiality.

Cloud Data Protection

BluVault is integrated with BluKrypt, Parablu's cloud access security broker, a security policy enforcement point that enables enterprises to fully manage their security policy enforcement in the cloud.

Data Management Suite

BluVault cloud backup management suite comes with rich features for IT admins that enable them to stay in control of users and data at all times. Enjoy policy-based management of user permissions, backup scheduling, file size filters, and more.

Scalable Architecture

BluVault has been architected from the ground up for scalability and storage cost optimization, and is suitable for medium to large enterprises with globally distributed teams of any size.

WHY PARABLU?

"Parablu fills a critical need in today's cloud adoption landscape. Without Parablu, our customers would not have been able to leverage even a fraction of their public cloud storage as effectively as they've been able to." – Anand Pahlad, President & CEO, Parablu Inc.

Office 365 is cloud-based productivity, powered by Microsoft. You get the familiar Office applications, now always up-to-date. It brings enterprise-grade services to organizations of all sizes, from online meetings to sharing documents to business-class email.

KEY USE CASES

BUSINESS-CLASS EMAIL

Gain large, 50GB mailboxes with your own custom domain that can send messages up to 25MB in size, with contacts, shared calendars, and spam and malware protection. Available on PC, Mac, Windows Phone, iPhone, Android, and more.

CLOUD STORAGE

Get 1TB to store, back up, and share files, accessible from almost any device, and even offline.

MEET ONLINE

Hold scheduled or ad hoc online meetings for up to 250 participants, with screen sharing, audio and video, virtual whiteboards, polls, and shared notes. Anyone can participate through any HTML5 browser.

COLLABORATE, CHAT PRIVATELY

Set up a social network that helps your company stay connected, share information across teams, and make faster, more informed decisions.

SAVE YOUR COMPANY MONEY

Office 365 is available as a simple monthly subscription. Avoid large up-front costs for new software while moving the cost of IT from capital to operating expense. And without on-premises servers to run email, websites, and document storage, you can reduce energy costs and save by no longer purchasing new server hardware.

SCALE YOUR BUSINESS QUICKLY AND FLEXIBLY

Office 365 grows with you on the Microsoft Azure cloud. Adding a new user is as simple as buying an additional license, which allows access to business critical technology on up to five PCs/Macs and five mobile devices. Office 365 provides many plans to fit the right capability needs and price points for each user in your organization.

TECHNICAL SUPPORT

Your Office 365 subscription comes with 24/7 support from a global network of experts, with 1-hour response for critical, service-impacting events.

FINANCIALLY BACKED SLA

Get peace of mind knowing your services are available when you need them with a financially backed, 99.9% uptime service level agreement.

SIMPLIFIED IT MANAGEMENT

Reduce headaches by reducing your IT infrastructure. Content lives safely in globally distributed data centers with continuous backup and disaster recovery abilities.
